Dear Tony:

Thank you for agreeing to participate in the Third Southeastern Conference on the Teaching of Psychology. As we discussed, I have you scheduled to participate in two sessions. Your presentation entitled "A First Course in Clinical Neuropsychology" is scheduled for Friday, February 22, 1991 from 2:15-3:15pm. Your panel, "Getting Involved in Professional Organizations Related to Teaching," is scheduled from 9:30-10:30am on Saturday, February 23. Your fellow panelists for this session will be Janet Matthews (504-865-3128), Joe Palladino (812-464-1952), and Richard Rogers (912-681-5423). I have asked Janet to moderate the panel and she should be in contact with you to discuss the panel format. Finally, please complete the attached form and return it to me at your earliest convenience.

I have attached an overview of the entire conference schedule for your information. A complete conference package will be mailed in several weeks. When you receive the conference materials, you will note that there is a conference fee to cover the cost of meals and conference materials. However, as a conference participant, your fee will be waived. I would still appreciate it if you would complete the registration form you will receive and send it in so that a package of materials will be prepared for you. Please indicate that you are a conference presenter on the registration form. In addition, since you are doing several presentations, we will provide free hotel accommodations for you during the conference. Please let me know as soon as possible your proposed arrival and departure dates so that we can make your hotel reservation.

I am excited about the opportunity to have you come visit. Also, when you know your flight arrangements, let me know and I will meet you at the airport. If you have any additional questions, please get in touch.

Sincerely,

G. William Hill IV  
Chair, Department of Psychology

Dear Tony:

Thank you very much for your presentations and participation at the Third Annual Southeastern Conference on the Teaching of Psychology. A large number of the participants noted on their evaluation how much they particularly enjoyed your session on teaching a course in clinical neuropsychology as well as the panel of getting involved in professional organizations.

I particularly enjoyed the opportunity to have you visit and to have a sort of reunion of so many friends from our graduate school days. I hope you had a good time at the conference. It was very encouraging to see the commitment and enthusiasm that so many of our colleagues have to improving the quality of their instruction as well as sharing and discussing teaching strategies and ideas.

I look forward to seeing you again next month at SEPA. Also, good luck in the upcoming election for Division 2.

Sincerely,

*Bee*

G. William Hill IV  
Chair, Department of Psychology
