Personal Perspectives: The Focus & The Future

What I am concerned about:

Repealing of ACA

ACA as an economic tool

Emergence of ACA as a health care issue

Personal Perspectives: The Focus & The Future

What I am concerned about:

- Repealing of ACA

 - ACA as an economic tool

 - Emergence of ACA as a health care issue

- “Replacement” of ACA

 - Challenges to pre-existing conditions

 - Limitations for high-risk and behavioral health situations

 - “ACA” becomes benchmark for all carriers (Medicaid lite)

Personal Perspectives: The Focus & The Future

What I am concerned about:

- Repealing of ACA

 - ACA as an economic tool

 - Emergence of ACA as a health care issue

- “Replacement” of ACA

 - Challenges to pre-existing conditions

 - Limitations for high-risk and behavioral health situations

 - “ACA” becomes benchmark for all carriers (Medicaid lite)

- Shift From Federal to State

 - Widely different interpretations of “ACA”

 - Lowest denominator will be common the median

- Focus on APA PO and our State Office

 - Must become highly coordinated among states

 - Common licensing boards

 - APA should serve as the coordinator of all efforts
